

The Association of Poinciana Villages wants our residents to know WE ARE LISTENING. We are in the midst of increasingly challenging times during this worldwide pandemic. Currently, the Association of Poinciana Villages' Board of Directors is abiding by our association's bylaws and deed of restrictions, which dictate that our operations and notifications continue in order to maintain the health, safety and cleanliness of our community.

The Association of Poinciana Villages wants our residents to stay safe and care for their families during these trying times. We are in the midst of extremely changing environment that we have never experienced before. During this worldwide pandemic we understand residents are concerned about their health, finances, and their overall ability to survive. For this reason, APV will extend the resolution of any outstanding violation until 30 days after the Governor's "Stay at Home" orders have been lifted. There is one exception to this extension: sanitation. Sanitation issues can become health issues and can negatively impact the safety of the community. We must continue disposing of all trash properly and in a timely manner.

Thank you for your understanding and your cooperation. We are in this together, and the safety and well-being of our residents has and always will be our top priority.
